

EClassroom

Overview

During the end of each term (usually in November and March), additional workstations are available in the electronic classroom on the third floor of the library. The computers have Internet access, office software, and electronic library resources.

Eligible workstation users:

- U of T students, staff and faculty

[See inside the EClassroom on Google Maps.](#)

Opening Hours

The E-Classroom is available for drop-in use in the latter part of the fall and winter terms when the library becomes very busy.

Due to high demand, the E-Classroom is available weekdays for the remainder of the exam period (**Monday December 9 to Thursday December 19**), from noon to 6:00 pm.

Printing

The printing station in the EClassroom is located on the left side of the white board in front of the room.

By default, all print jobs are printed single-sided and cost 15 cents per page. Only black and white printing is available in the EClassroom. If you would like to print in colour, please use to workstations on the main floor of the library, where the colour printer is located. Printing is payable by TCard.

Wireless printing is not available in the EClassroom. Please refer to the [printing instructions](#) on how to print from the workstations.

There is no TCard machine in the EClassroom. Please make sure you have enough money on your TCard to print before proceeding to the workstations on the third floor.

Technical Support

Technical support is also available in the EClassroom. Please direct your question to the student attendant (available from Friday to Sunday) who will then contact the [IT Support Desk](#) on the main floor.
